

The AIREX® Balance products are active devices for therapy and workout produced with the well-known AIREX® soft material. AIREX® Balance Pad XL is twice as big as Balance Pad Elite. This makes balance training enter a completely new dimension.

The variety of exercises and variants to make your workout more intense is increased by the Balance Pad XLarge. Working out with Balance Pad may improve strength, endurance and balance. We advise to use the Balance Pad XLarge on an AIREX® mat, especially when lying down or during lateral lifting exercises.

### Three tips for your AIREX® products

1. Use the products barefoot or in socks (no sneakers)
2. If your products get dirty, clean them with ordinary soapy water. Disinfection is not going to be necessary thanks to integrated Sanitized protection!
3. Let the AIREX® products air dry thoroughly if they get wet (they can also be used outdoors)

**NOTICE:** As a result of the peculiar manufacturing process, the dimensions of the mat may be slightly different from the ones here described. The main difference may occur in the length of the product.

**AIREX® BALANCE PAD XL is suitable for:**  
pilates, fitness, yoga, physiotherapy and rehabilitation, club sport.

## MODELS – DIMENSIONS TECHNICAL SPECIFICATIONS

Code	Length	Width	Height	Weight	Colour
144251	98 cm	41 cm	6 cm	1,4 kg	Blue
