COMPLIANCE

In pursuing the company mission as well as maintaining high quality standards, the production is located in Italy. The company does not use child labor in the production process.

The raw material used in the production process is high quality PVC (vinyl) in compliance with the REACH – EC 1907/2006 chemical regulation. In order to provide customers with increasing safety and quality, the Gymnic articles are completely free of harmful chemicals such as phthalates, latex, lead and BPA.

The environmental issue and the safeguard of our territory are very important topics to us. The manufacturing process does not generate any toxic exhaust emissions in the atmosphere. Moreover the majority of our products is 100% recyclable (PVC 3 category).
